orcid.org/0000-0002-4588-6509

Kevin Kavanagh retired from medical practice over eight years ago from long-standing severe arthritis which was treated with multiple operations and the placement of Bone Morphogenic Protein in his neck. He is founder and Board Chairman of Health Watch USA<sup>sm</sup>, a non-profit patient advocacy and healthcare policy research organization. Health Watch USA<sup>sm</sup> is a member of the National Quality Forum and has been designated as a “Community Leader” for Value-Driven Healthcare by the U.S. Department of Health and Human Services. He has published over 20 peer reviewed manuscripts on healthcare policy and/or research integrity problems, many of which deal with deficiencies in reporting systems and in controlling hospital acquired infections and drug resistant organisms. In addition, he has published letters in peer reviewed journals including the Journal of the American Medical Association and New England of Medicine. Dr. Kavanagh is also a frequent contributor to the Lexington Herald Leader on Healthcare Issues and over the last nine years a recurrent guest on the Jack Pattie Radio Show on health policy issues.

Dr. Kavanagh has been an Associate Editor for the Journal of Patient Safety since July 2014 and is a member of the Editorial Board of Infection Control Today. He has served on the Centers for Medicaid and Medicare Services’ Hospital Harm/Hospital-Acquired Condition (HAC) Reduction Program Technical Expert Panel (TEP) from 2014 to 2020; the AHRQ Standing Working Group for Quality Indicators for 2016 to 2017; the AHRQ Health Care Effectiveness and Outcomes Research (HEOR) Study Section, and he has also serves on the National Quality Forum’s Consensus Standards Approval Committee (CSAC) (May 9, 2018-Sep. 30, 2018, Jan. 1, 2019 to Dec. 31, 2020).

**Undergraduate:** University of Nevada at Reno, Reno, Nevada, 1972 - 1975, BS awarded in 1975. ( Note: Dr Kavanagh started medical school at the age of 19, after 2 years of college and was awarded a BS degree during his second year of medical school. )

**Graduate/Medical School:**

1. University of Nevada at Reno, Reno, Nevada, 1974 – 1976.
2. University of New York at Buffalo, New York, 1976 - 1978, Awarded MD.
3. University of Iowa, Iowa City, Iowa, 1979 - 1983, Awarded MS.

**Internship:** General Surgery, Gundersen Clinic, LaCrosse, Wisconsin 1978-1979.

**Residency:** Department of Otolaryngology - Head and Neck Surgery, University of Iowa Hospitals, Iowa City, Iowa. 1979-1983.

**Medical License –** State of Kentucky.

## Board Certification

1. National Board of Medical Examiners (#192409), July 2, 1979.
2. American Board of Otolaryngology - Head and Neck Surgery, October 25, 1983

## Recognitions and Awards

1. **CDC & ATSDR Honor Award Nominee.** "For forging a novel partnership aimed at elimination infections in healthcare settings and protecting patients." Aug. 20, 2014.
2. **Honor Award Certificate. National Center for Emerging and Zoonotic Infectious Disease.** "For forging a novel partnership aimed at elimination infections in healthcare settings and protecting patients." Jun. 28, 2014.

## Editorial Boards

- Software Review and Computer Applications Editor for "The Annals of Otolaryngology, Rhinology and Laryngology." Jan 1991 to June 2004.
- Member of the Editorial Board of the Journal of Patient Safety – Dec. 2012 to Present.
- Associate editor of the Journal of Patient Safety – Jul. 2014 to Present.

## Federal & National Advisory Panels

- Centers for Medicare and Medicaid Services, 2014 Hospital-Acquired Condition (HAC) Reduction Program Technical Expert Panel (TEP).
- Centers for Medicare and Medicaid Services, 2015 Hospital-Acquired Condition (HAC) Reduction Program Technical Expert Panel (TEP).
- Agency for Healthcare Research and Quality (AHRQ), 2016 Quality Indicator (QI) Standing Workgroup (SWG).
- Centers for Medicare and Medicaid Services, Technical Expert Panel (TEP) for the Hospital Harm Performance Measure. 2017-2020.
- Study Section (grant review board) for Health Care Effectiveness and Outcomes Research (HEOR) Study Section. Agency for Healthcare Research and Quality. Feb., 2018 to Present.  
<https://www.ahrq.gov/funding/process/study-section/heorst.html>

- National Quality Forum. Member of the Consensus Standards Approval Committee (CSAC). Interim term appointment May 9, 2018-September 30, 2018. Reappointed to serve Jan. 1, 2019 to Dec. 31, 2020.

### University Appointments

- 1. Assistant Professor, Department of Otolaryngology, University of Tennessee, Memphis, 1983 to 1987.
- 2. Associate Professor, Department of Otolaryngology, University of Tennessee, Memphis, 1987 to 1989.
- 3. Tenured Associate Professor, Department of Otolaryngology, University of Tennessee, Memphis, 1989 to 1992.
- 4. Associate Clinical Professor, Department of Surgery, Division of Otolaryngology, University of Kentucky, Lexington, 1993. Dr. Kavanagh left clinical practice on Feb. 5<sup>th</sup> 2010.

### **Public Comment Before Federal Committees**

1. Kavanagh KT. Health Watch USA<sup>sm</sup> comments on research integrity, conflicts-of-interest, the need for firm standards, the tying of antibiotic stewardship to funds for antibiotic development and public reporting of antibiotic provider utilization data. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria. Sep. 29, 2015. Washington DC. <https://youtu.be/b67J-X5c8gU>
2. Dr. Kevin Kavanagh's comments regarding chlorhexidine, surveillance and public disclosure of conflicts of interest in the confrontation of the antibiotic bacterial resistance epidemic. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria. Mar. 30, 2016. Washington DC. <https://youtu.be/iG1aQZftqb0>
3. Kavanagh KT. Health Watch USA<sup>sm</sup> Comments on the importance of preventing patient to patient transmission. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria. Mar. 31, 2016. Washington DC. <https://youtu.be/-IB1qF1qP48>
4. Kavanagh KT. Health Watch USA<sup>sm</sup> Comments on Importance of comments on the importance of preventing the transmission of resistant bacteria between patients. In addition, the

- importance of nursing, worker safety and carrier surveillance was stressed. Attention was also drawn to polymyxin B in topical over-the-counter antibiotics as a possible cause of resistance to colistin. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria Jun. 21, 2016. Washington DC. <https://youtu.be/t2LM9luN7fQ>
5. Kavanagh KT. Health Watch USA<sup>sm</sup> comments at the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria. "The committee needs to ensure that our healthcare institutions make the needed investments in prevention and patient safety, along with setting well defined standards for screening, isolation, environmental cleaning, appropriate staffing and worker safety. Sept. 19, 2016. Washington, DC. <https://youtu.be/RGlpKY1L-S4>
  6. Kavanagh KT. Health Watch USA<sup>sm</sup> Comments at the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria regarding the United States missing goals for reducing MRSA and other resistant pathogens along with the need for a mandatory publicly reported comprehensive surveillance system to track multi-drug resistant organisms. Jan. 25, 2017. [https://youtu.be/hbdXX3a\\_OIY](https://youtu.be/hbdXX3a_OIY)
  7. Kevin T. Kavanagh, MD, MS, comments on the need for greater focusing on the control of spread of Multi-Drug Resistant Organisms. Antibiotic stewardship programs alone are not likely to reverse the epidemic and there is no certainty that new antibiotics can be developed. The Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (PACCARB) - Sept. 26, 2018. <https://youtu.be/OnX-QH51JQ8>
  8. Kevin T. Kavanagh, MD, MS comments on the importance of the microbiome to overall patient health and the prevention of infectious disease. Until we have the capability of monitoring a patient's microbiome we should at least be screening for dangerous pathogens. Presidential Advisory Council on Combating Antibiotic Resistant Bacteria. Jan. 31, 2019. <https://youtu.be/CLiN6MTkuPc>
  9. Kevin Kavanagh, MD, Health Watch USA<sup>sm</sup>, stresses the need for accurate reporting of and increase transparency of dangerous pathogens. Public Comment given before the CDC's HICPAC Committee. May 16, 2019. <https://youtu.be/zFGjj4D42x4>
  10. Resistant Bacteria the Need for Increased Vigilance and Healthcare Worker Protection: Kevin Kavanagh, MD from Health Watch USA<sup>sm</sup> presents at Presidential Advisory Council for Combating Antibiotic Resistant Bacteria regarding the need for surveillance, to regard dangerous pathogens seriously and to protect our healthcare workers. July 10, 2019. <https://youtu.be/aSdtHMUGvt8>
  11. Risk Adjustment and the Need for More Comprehensive Reporting of Deadly Infections: Kevin Kavanagh, MD comments before the Presidential Advisory Committee on Combating Antibiotic Resistant Bacteria on the pitfalls for risk adjustment and the need for more complete and comprehensive data on infections from deadly pathogens. Health Watch USA<sup>sm</sup> PACCARB Comment on July 11, 2019 <https://youtu.be/kShI4jDQvyk>
