

Kevin T Kavanagh, MD, MS, FACS
Email: kavanagh.ent@gmail.com
orcid.org/0000-0002-4588-6509

Kevin Kavanagh retired from medical practice over ten years ago from long-standing severe arthritis which was treated with multiple operations and the placement of Bone Morphogenic Protein in his neck which caused long-term symptoms. Recently, he has undergone surgical treatment for prostate cancer, a treatment which was successful, but delayed due to the medical center being overwhelmed with COVID-19 patients. Dr. Kavanagh is currently Board Chairman of Health Watch USASM, a Kentucky based patient advocacy and research organization. Health Watch USASM is a member of the National Quality Forum and has been designated as a “Community Leader” for Value-Driven Healthcare by the U.S. Department of Health and Human Services. Dr. Kavanagh is an Associate Editor for the

Journal of Patient Safety. On Aug. 20, 2014, Dr. Kavanagh became a CDC & ATSDR Honor Award Nominee. He has served on the 2014, 2015, 2017 and 2018 Centers for Medicaid and Medicare Services’(CMS) Hospital-Acquired Condition (HAC) Reduction Program Technical Expert Panel, along with the AHRQ Standing Working Group for Quality Indicators for 2016 to 2017. Currently, he serves on the CMS Hospital Harm Technical Expert Panel and is a member of the National Quality Forum’s Consensus Standards Approval Committee. He has served on the AHRQ for Health Care Effectiveness and Outcomes Research (HEOR) Study Section from 2018 to 2022. He has published 35 peer-reviewed manuscripts on healthcare policy and/or healthcare associated infections. In addition, he has published letters in peer-reviewed journals including the Journal of the American Medical Association and New England Journal of Medicine. Dr. Kavanagh is also a frequent contributor to the Lexington Herald Leader, and Courier Journal regarding Healthcare Issues. He has published over 120 articles in Infection Control Today and over 250 Jack Pattie Radio Show segments, regarding the COVID-19 pandemic.

Education

Undergraduate: University of Nevada at Reno, Reno, Nevada, 1972 - 1975, BS awarded in 1975. (Note: Dr Kavanagh started medical school at the age of 19, after 2 years of college and was awarded a BS degree during his second year of medical school.)

Graduate/Medical School:

1. University of Nevada at Reno, Reno, Nevada, 1974 – 1976.
2. University of New York at Buffalo, New York, 1976 - 1978, Awarded MD.
3. University of Iowa, Iowa City, Iowa, 1979 - 1983, Awarded MS.

Internship: General Surgery, Gunderson Clinic, LaCrosse, Wisconsin 1978-1979.

Residency: Department of Otolaryngology - Head and Neck Surgery, University of Iowa Hospitals, Iowa City, Iowa. 1979-1983.

Medical License – State of Kentucky.

Board Certification

1. National Board of Medical Examiners (#192409), July 2, 1979.
2. American Board of Otolaryngology - Head and Neck Surgery, October 25, 1983

Recognitions and Awards

1. **MNA Advocate for Nursing Award.** Massachusetts Nurses Association Nursing Advocacy Award. October 2021.
2. **CDC & ATSDR Honor Award Nominee.** “For forging a novel partnership aimed at eliminating infections in healthcare settings and protecting patients.” Aug. 20, 2014.
3. **Honor Award Certificate. National Center for Emerging and Zoonotic Infectious Disease.** “For forging a novel partnership aimed at eliminating infections in healthcare settings and protecting patients.” Jun. 28, 2014.

Editorial Boards

- Software Review and Computer Applications Editor for "The Annals of Otolaryngology, Rhinology and Laryngology." Jan 1991 to June 2004.
- Member of the Editorial Board of the Journal of Patient Safety – Dec. 2012 to Present.
- Associate Editor of the Journal of Patient Safety – Jul. 2014 to Present.
- Editorial Board Infection Control Today. Apr. 2020 to Present.

Federal & National Advisory Panels

- Centers for Medicare and Medicaid Services, 2014 Hospital-Acquired Condition (HAC) Reduction Program Technical Expert Panel (TEP).
- Centers for Medicare and Medicaid Services, 2015 Hospital-Acquired Condition (HAC) Reduction Program Technical Expert Panel (TEP).
- Agency for Healthcare Research and Quality (AHRQ), 2016 Quality Indicator (QI) Standing Workgroup (SWG).
- Centers for Medicare and Medicaid Services, Technical Expert Panel (TEP) for the Hospital Harm Performance Measure. 2017-2020.

- Study Section (grant review board) for Health Care Effectiveness and Outcomes Research (HEOR) Study Section. Agency for Healthcare Research and Quality. Feb., 2018 to June 2022.
<https://www.ahrq.gov/funding/process/study-section/heorst.html>
- National Quality Forum. Member of the Consensus Standards Approval Committee (CSAC). Interim term appointment May 9, 2018-September 30, 2018. Reappointed to serve Jan. 1, 2019 to Dec. 31, 2022.
- Patient Safety Action Networks (PSAN) liaison to the CDC's Healthcare Infection Control Practices Advisory Committee (HICPAC), Nov. 5, 2020 to Present.

University Appointments

- 1. Assistant Professor, Department of Otolaryngology, University of Tennessee, Memphis, 1983 to 1987.
- 2. Associate Professor, Department of Otolaryngology, University of Tennessee, Memphis, 1987 to 1989.
- 3. Tenured Associate Professor, Department of Otolaryngology, University of Tennessee, Memphis, 1989 to 1992.
- 4. Associate Clinical Professor, Department of Surgery, Division of Otolaryngology, University of Kentucky, Lexington, 1993. Dr. Kavanagh left clinical practice on Feb. 5th 2010.

Public Comment Before Federal Committees

1. Kavanagh KT. Health Watch USAsm **comments on research integrity, conflicts-of-interest, the need for firm standards**, the tying of antibiotic stewardship to funds for antibiotic development and public reporting of antibiotic provider utilization data. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria. Sep. 29, 2015. Washington DC. <https://youtu.be/b67J-X5c8gU>
2. Dr. Kevin Kavanagh's **comments regarding chlorhexidine, surveillance and public disclosure of conflicts of interest** in the confrontation of the antibiotic bacterial resistance epidemic. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria. Mar. 30, 2016. Washington, DC. <https://youtu.be/iG1aQZftqb0>
3. Kavanagh KT. Health Watch USAsm **Comments on the importance of preventing patient to patient transmission**. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria. Mar. 31, 2016. Washington, DC. <https://youtu.be/-IB1qF1qP48>
4. Kavanagh KT. Health Watch USAsm **Comments on Importance of preventing the transmission of resistant bacteria between patients**. In addition, the importance of nursing, worker safety and carrier surveillance was stressed. Attention was also drawn to polymyxin B in topical over-the-counter antibiotics as a possible cause of resistance to colistin. Presidential Advisory Council for Combating Antibiotic Resistant Bacteria Jun. 21, 2016. Washington, DC. <https://youtu.be/t2LM9luN7fQ>

5. Kavanagh KT. Health Watch USAsm **Comments at the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria.** "The committee needs to ensure that our healthcare institutions make the needed investments in prevention and patient safety, along with setting well-defined standards for screening, isolation, environmental cleaning, appropriate staffing and worker safety. Sept. 19, 2016. Washington, DC. <https://youtu.be/RGlPKY1L-S4>
6. Kavanagh KT. Health Watch USAsm **Comments at the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria** regarding the United States missing goals for reducing MRSA and other resistant pathogens along with the need for a mandatory publicly reported comprehensive surveillance system to track multi-drug resistant organisms. Jan. 25, 2017. https://youtu.be/hbdXX3a_OIY
7. Kevin T. Kavanagh, MD, MS. **Comments regarding the need for greater focusing on the control of spread of Multi-Drug Resistant Organisms.** Antibiotic stewardship programs alone are not likely to reverse the epidemic and there is no certainty that new antibiotics can be developed. The Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (PACCARB) - Sept. 26, 2018. <https://youtu.be/OnX-QH51JQ8>
8. Kevin T. Kavanagh, MD, MS. **Comments regarding the importance of the microbiome to overall patient health and the prevention of infectious disease.** Until we have the capability of monitoring a patient's microbiome we should at least be screening for dangerous pathogens. Presidential Advisory Council on Combating Antibiotic Resistant Bacteria. Jan. 31, 2019. <https://youtu.be/cLjN6MTkuPc>
9. Kevin Kavanagh, MD, Health Watch USAsm stresses **the need for accurate reporting of and increased transparency of dangerous pathogens.** Public Comment given before the CDC's HICPAC Committee. May 16, 2019. <https://youtu.be/zFGjj4D42x4>
10. Kevin Kavanagh, MD: **Resistant Bacteria the Need for Increased Vigilance and Healthcare Worker Protection:** Comments before the Presidential Advisory Council for Combating Antibiotic Resistant Bacteria regarding the need for surveillance, to regard dangerous pathogens seriously and to protect our healthcare workers. July 10, 2019. <https://youtu.be/aSdtHMUGvt8>
11. Kevin Kavanagh, MD: **Risk Adjustment and the Need for More Comprehensive Reporting of Deadly Infections:** Comments before the Presidential Advisory Committee on Combating Antibiotic Resistant Bacteria on the pitfalls for risk adjustment and the need for more complete and comprehensive data on infections from deadly pathogens. Health Watch USAsm PACCARB Comment on July 11, 2019 <https://youtu.be/kShI4jDQvyk>
12. Kevin Kavanagh, MD, MS from Health Watch USAsm **expresses concern regarding the efficacy of enhanced barrier precautions** in preventing the spread of dangerous pathogens in nursing homes. Public Comment CDC HICPAC Meeting, Nov. 14, 2019. <https://youtu.be/dYuvzAdGJV0>
13. Dr. Kevin Kavanagh stresses the importance of **public disclosure of antibiotic resistant bacteria outbreaks.** And how the United States performance is not that much better than what occurred with the coronavirus (COVID-19) outbreak in China. Public comment before the Presidential Advisory Council on Combating Antibiotic Resistant Bacteria. Feb. 27, 2020. YouTube Video: https://youtu.be/q_hiy2wB1wg

14. Kavanagh, MD: **Enhanced Precautions for Nursing Homes -- Will they be enough to stop infections?** Comments regarding enhanced barrier precautions for nursing homes and concerns are raised regarding their effectiveness in preventing spread of dangerous pathogens. The concept of a facility's microbiome being compatible with that of the residents' is discussed. PACCARB Meeting Feb. 26, 2020. <https://youtu.be/HIBmIDQvz54>
15. Dr. Kevin Kavanagh from Health Watch USAsm gives a short **public comment calling for a comprehensive publicly reported real-time national reporting system for dangerous pathogens**. He also stresses the importance of community surveillance and the need for a national NOT a "one size does not fit all" strategy. Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria. Sept. 9-10, 2020. <https://youtu.be/yfJ8Yb5LiQk>
16. Dr. Kevin Kavanagh: **Better Standards & Tracking To Protect Frontline Workers - CDC HICPAC Public Comment**. Discussion regarding the need for stronger standards to stop dangerous pathogens. Public Comment Before the CDC HICPAC Committee. March 4, 2021. <https://youtu.be/G-Ea1dfecAQ>
17. Dr. Kevin Kavanagh: **Heightened Action on Delta Variant is Needed - CDC HICPAC Public Comment**
The CDC should classify the Delta variant, as a variant of concern. The CDC's main site should have easy to access and the most up-to-date data available in the world. Advisories regarding both the Indian Variant (Delta Variant) and the P.1 Brazilian or Gamma Variant need to be made. Public Comment Before the CDC HICPAC Committee. June 3, 2021. <http://www.healthwatchusa.org/HWUSA-Presentations-Community/PDF-Downloads/20210603-HICPAC-Variants-2-Letter.pdf> <https://youtu.be/KVYt4PyQuZw>
18. Dr. Kevin Kavanagh: **CDC's ACIP Committee Regarding Pfizer Vaccine Boosters**. CDC's consideration of FDA VRBPA's recommendations regarding vaccinated individuals who are biologically high-risk for developing severe COVID-19, and recommendations for boosters for those at high-risk of SARS-CoV-2 exposure. During a raging pandemic, action is needed NOW, we do not always have the luxury of waiting for the results of randomized controlled trials for boosters. Comment Before CED ACIP, Sept 23, 2021. Comment Before CED ACIP, Sept 23, 2021. https://youtu.be/CELug9tZI_0 Written Comment: http://www.healthwatchusa.org/HWUSA-Presentations-Community/PDF-Downloads/20210922-The_CDC_ACIP_Written-Comment-3.pdf
19. **Aug. 23, 2022. CDC HICPAC: Risk Adjustment Risks Normalization of Deviance, A Call For Better Data**. Public comment given before the CDC's HICPAC meeting on Aug. 23, 2022. <https://www.healthwatchusa.net/Videos-Presentations/20220823-CDC-HICPAC-PublicComment.htm> https://youtu.be/pdTY4jG_2M0
20. **Sept. 13, 2022. Antibiotic Resistant Infections Increasing**. During COVID-19 CMS suppressing many infection in value purchasing programs. However, MRSA infections did not increase in the VHA system. Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (PACCARB) meeting. <https://www.healthwatchusa.org/HWUSA-Presentations-Community/PACCARB-WrittenComments/20220913-PACCARB-Meeting-Comment.pdf>
21. **Nov. 3, 2022. COVID-19: Vaccine Imprinting & The Need for Stronger COVID-19 Policy**. Dr. Kevin Kavanagh from Health Watch USAsm comments on the effectiveness of the new bivalent boosters and the concerns regarding immunological imprinting. In addition, he stresses that we cannot vaccinate our way out of the pandemic. The isolation time for COVID-

19 needs to be lengthened and incorporate negative testing before termination. Strong clear guidelines for the use of N95 masks, and improvements in ventilation need to be made. Finally, our goals need to be the prevention of infections and Long COVID. The latter which is starting to cripple our workforce. Public Comment at CDC HICPAC meeting. Nov. 3, 2022. <https://youtu.be/opfxE60g84Q> & <https://www.healthwatchusa.net/Videos-Presentations/20221103-CDC-HICPAC-PublicComment.htm>

Written Comment Can Be Downloaded From: <https://healthwatchusa.org/HWUSA-Presentations-Community/PDF-Downloads/20221102-HICPACComment-3.pdf>

23. **Jan. 24, 2023. Impact of COVID-19 Immune Dysfunction on Antibiotic Resistant Bacteria- PACCARB Presentation.** Dr. Kevin Kavanagh gives a short discussion regarding the impact of immune dysfunction caused by COVID-19 and its impact on antibiotic resistant organisms. It is stressed that exposure needs to be prevented and similar to the protocols used by the Veterans Health Administration system, surveillance and contact precautions are of utmost importance. PACCARB Oral Comment Jan. 24, 2023. <https://youtu.be/8QYfp7KSd20> <https://www.healthwatchusa.net/Videos-Presentations/20230124-PACCARB-PublicComment.htm> https://www.healthwatchusa.org/HWUSA-Presentations-Community/PACCARB-WrittenComments/20230124-PACCARB-Written_Comment.pdf
